What Our Members Are Saying

Feedback from our teachers on the MassCUE4You presentations was overwhelmingly positive. Using the SAMR model, the goal was to give our teachers strategies to seamlessly integrate and transform the use of technology in our 1:1 environment. Mission accomplished!

*Dr. Patricia Oakley, Ed.D.
Superintendent of Schools
West Bridgewater Public Schools*

Connecting and planning with MassCUE4You was easy and they sent the most dynamic and informative presenter. Every attendee raved about what they learned.
