On behalf of the Massachusetts Computer Using Educators (MassCUE) and the Massachusetts Association of School Superintendents (M.A.S.S.), we invite you to exhibit at the **2020 MassCUE Virtual Fall Conference**. The event will be held online from Tuesday, October 13 to Saturday, October 17, 2020. This will be an extraordinary experience as we provide our first ever virtual conference!

MassCUE is committed to its mission of providing educators from across New England with exciting ways to enhance teaching and learning with technology. Teaching has never been more challenging than it is right now during this COVID19 pandemic, and teachers need the resources of our loyal conference vendors, now more than ever.

Additionally, we are partnering with Connecticut (CECA) and Rhode Island (RISTE) to make this year’s conference a regional conference. This is of great benefit to our vendors. By participating in the virtual conference you will be able to reach attendees from across the New England region, rather than just Massachusetts.

We hope you will join us to gain access to a highly targeted market of edtech leaders and an active MassCUE community.

About the Virtual Venue

MassCUE has partnered with **Tech & Learning** to develop a customized virtual platform complete with a virtual trade show. Vendors will be able to set up a virtual exhibit booth, purchase vendor sessions, as well as interact directly with attendees. Once you register your company as an exhibitor or sponsor we will walk you through all of the details so that you get the most out of your investment in the virtual event.

About MassCUE

MassCUE is the state’s leading organization for educators with a passion for effectively integrating technology in education. Starting as a grassroots organization 39 years ago with 15 teachers meeting in a school library, we have grown to 1,200+ active members and 100+ corporate members.

The Association members include 277 superintendents and 148 Assistant Superintendents. M.A.S.S. works to provide all Massachusetts children with a world class education by: seeking strategies to continuously improve public education, speaking with a cohesive, powerful voice on behalf of laws, policies and funding, and supporting superintendents and assistant superintendents with information, including professional development and a network of peers.

Nonprofit Virtual Exhibit—\$200

MassCUE welcomes nonprofit organizations, whose mission is to improve K-12 education, to participate as a virtual exhibitor. This is a great opportunity share your no cost resources with our educators. Virtual nonprofit exhibits will include your organization's logo, description, contact information, and up to 3 PDF documents of your choice. Each nonprofit will also be entitled to have one 30 minute video in your virtual exhibit section that may be viewed on demand. (You will record your video using YouTube, Vimeo, Twitch, or Wistia and provide us with the link.) 2 complimentary conference registrations will also be included.

Teacher Scholarship—\$100 each

Gain exposure and show your support by becoming a Teacher Scholarship sponsor. School districts are struggling to allocate funds for teacher professional development, and this is a time when teachers need it the most. Each \$100 sponsorship will cover the cost for one teacher to attend the conference. You select the school system to which the scholarship will be awarded, and MassCUE will work with the Superintendent of the chosen school district(s) to make sure a deserving teacher is given this opportunity. Purchase as many teacher scholarships as you'd like. Your company will be recognized on the MassCUE conference website with a link to your company website. We will also include photos of each teacher and recognition of your support on your virtual exhibit booth page in the virtual conference platform.
