

# MSAA & Imagine Learning Summit

A day of collaboration with our valued partners

**You're invited to our 2023 MSAA - Imagine Learning Summit! Don't miss this chance to meet and share with MA educators and connect with the Imagine Learning team.**

Imagine Learning Instructional Services - we partner with districts nationwide to design customized learning experiences to match their goals.

Establishing a customized virtual program with comprehensive support opens new doors for students and educators. Provide students with increased flexibility and learning opportunities, whether homebound, working full- or part-time, or participating in athletics.

Access to the largest standards-aligned course catalog, offers your students a rich and rewarding K-12 experience taught by your teachers or our highly qualified, certified virtual instructors.

We offer a customizable curriculum, certified virtual instructors, and the necessary tools, professional training, and support you need to implement a successful virtual program within your district.
