ClassLink works with over 2700 districts. Founded in 1998, ClassLink's mission is to remove barriers between students and impactful education content. [Single sign-on](#), [analytics](#), [network file access](#), ID management/[account provisioning](#), and [rostering](#), including [multi-factor authentication](#). And more.

Educators, students, administrators, IT staff, and parents use our solution to ensure learning opportunities are never lost and schools thrive. As a company dedicated, ClassLink creates more time for learning, improves access to digital resources, and simplifies rostering and account provisioning. Education leaders use our Analytics to understand technology usage better and make informed purchasing and training decisions. www.classlink.com

Gaggle is the pioneer in helping K-12 districts manage student safety on school-provided technology. www.gaggle.com

The Gaggle solution uses an effective combination of artificial intelligence and trained safety experts to provide real-time analysis and review of students' use of the district's online collaboration platforms for email and schoolwork. We offer administrators, teachers, and parents the peace of mind that students are being protected -- 24 hours a day, seven days a week, 365 days a year. Serving more than 1,500 school districts across the United States, Gaggle's powerful technology, combined with the Gaggle Safety Team, provides real-time analysis and review of students' use of school-issued technology and therapy and coaching services for students.
