Because we are located in a historic building (completed in 1859!), unfortunately we do not have an elevator. We would be happy to assist those with ambulatory issues up the stairs if we are unable to book your function on the first floor.

## **Do we need "I.D.'s" to get a drink?**

Yes. No guest will be served alcohol without an I.D., and, under no circumstance may a minor drink alcohol. Due to state and federal liability ordinances, if a minor is found to be drinking at a function the bar may be immediately be closed to all other function guests (sorry, it's the law).
