

ARE YOU A TECHNOLOGY DIRECTOR, IT DIRECTOR, OR NETWORK ADMIN?

JOIN ONE OF OUR FOCUS GROUPS AT THE FALL CONFERENCE

Participating as a panelist in a focus group is a unique networking opportunity, as it not only allows you to connect with other professionals in your field but also to gain visibility and demonstrate your expertise to the organizers and researchers, opening doors to future collaborations and career opportunities.

**WE NEED
YOUR EXPERTISE**

Networking

Cybersecurity

Wireless

Identity Protection

WHY JOIN US?

MassCUE is sponsoring a program to bring together education IT leaders to provide our partners with feedback, opinions, and ideas to inform the development of products to better serve the needs of our school districts in Massachusetts. Our feedback drives the development and changes made in their products. These sessions include approximately 6 leaders, a facilitator and the company. The discussion is educational for the panelists as they learn from other leaders and the companies. If you find value collaborating with peers throughout Massachusetts, we encourage you to take part in one of our corporate Focus Group sessions. Panelists receive a thank-you gift for your attended session.

WHAT WILL THE FOCUS BE?

Conversation will focus on the following topics:

- Network Management
- Cybersecurity Strategies
- Backup Strategies
- Identity Protection for Cloud Apps
- Wireless Networking
- Network Planning with ERate
- Compliance with Data Regulations in Network Administration
